Kurubarahalli Sy. No. 4 and Alanahalli Sy. No. 41 'B' Kharab Land

CM directs officers to clear legal hurdles first

Bengaluru, Dec. 12 (KMS& BCT)- After an inordinate delay, the State Government has finally decided to remove the legal hurdles as a first step to solve the long-standing issue of Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41 that has been erroneously classified under "B Kharab" (government land).

At a meeting chaired by Chief Minister Siddharamaiah at his Home Office 'Krishna' yesterday, it was decided to vacate the stay brought by the residents of the said survey numbers against the Government Order classifying the land as "B Kharab". Officers will hold a meeting with the State Advocate General to take steps to vacate the stay.

Once the stay is vacated, the Government will decide on dropping "B Kharab" classification of areas including Siddarthanagar, Vidyanagar, Alanahalli, K.C. Layout and Income Tax Layout that have

CM Siddharamaiah

been built on the land allotted by the MUDA, the CM said.

Revenue Minister Kagodu Thimmappa, Mysuru District in-Charge Minister Dr. H.C. Mahadevappa, KR MLA M.K. Somashekar, Regional Commissioner M.V. Jayanti (in-charge), Deputy Commissioner D. Randeep, District in-charge Secretary, Revenue and Urban Development Secretary and other officers were present at the meeting.

These layouts have been formed decades ago from the land that has been sanctioned by the then City Improvement Trust Board (CITB) now Mysuru Urban Development Authority (MUDA).

On May 26, 2015, the then Mysuru Deputy Commissioner had declared Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41 as "B Kharab".

Over 710.17 acres out of the 1,543 acres that has been declared as "B Kharab" in Kurubarahalli Survey No. 4, and 74 acres out of 175 acres of Alanahalli Survey No. 41 had been taken over by CITB 70 years back to form layouts and to distribute sites.

The sites had been purchased by over 25,000 people in 1970s. However, they are yet to get land records, in spite of them being legal owners. Hence, everything has come to a standstill as they are neither able to sell their houses nor build extra floors for the past three years.

Officials to meet
Advocate General today

Mysuru, Dec. 12 (RK&BCT)- Following Chief Minister Siddharamaiah's directive to remove legal hurdles to solve the vexed Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41 that has been erroneously classified under "B Kharab", MLA M.K. Somashekar, DC D. Randeep, MUDA Commissioner P.S. Kantharaju and Tahsildar T. Ramesh Babu are waiting for an appointment to meet State Advocate General Madhusudhan R. Naik.

Yesterday, Siddharamaiah, at a meeting, directed officials to take steps to vacate the stay brought by the residents of the said survey numbers against the Government Order classifying the land as "B Kharab".

The CM told them to hold a meeting with Madhusudhan Naik to take steps to vacate the stay and speed up the process. For the record, there are over 72 writ petitions in the Karnataka High Court regarding the issue.

After yesterday's meeting, the DC, MLA, MUDA Commissioner and Tahsildar stayed in Bengaluru and sought an appointment with the Advocate General.

Speaking to *Star of Mysore* this morning, DC Randeep said that they were waiting for the Advocate General's appointment. "We will explain to him the history of the layouts and will present relevant documents. We will also narrate the process initiated by the District Administration to provide relief to the residents of Siddarthanagar, Alanahalli, K.C. Nagar and Income Tax Layouts that have been formed years ago from the land that has been sanctioned by CITB," he said.

Twenty coaches of Chamundi Express train detach

Mysuru, Dec. 12 (RK&BCT)- Panic and confusion prevailed this morning when over 20 bogies of Chamundi Express got detached from the engine near Byadarahalli after Pandavapura. The snag was noticed only after the train travelled a distance of half-a-kilometre. As a result of this, the train reached Bengaluru 45 minutes late.

According to eyewitnesses, the train, carrying thousands of regular office-goers and other passengers, left the City Railway Station in Mysuru at 6.45 am. It reached Pandavapura at around 7.15 am and proceeded towards Bengaluru. As the train neared the area between Nelamane and Byadarahalli, over 20 bogies got detached from the engine and they stopped midway while the locomotive engine and five bogies proceeded further.

Wondering why the train stopped suddenly, a few passengers alighted from the bogies only to realise that their coaches were detached and they had nowhere to go. Confusion and panic prevailed for some time and some of the passengers immediately made calls to the Railway officials and informed the next station.

The train's loco pilot was alerted and he took the train back to the stretch between Nelamane and Byadarahalli and the engineers reattached the bogies.

Fair fare for females

Law-making in the land can be traced to a period of its centuries of history, whether recorded or not, to as far back as one's ability to look back. Narratives which are part of the country's epics including *Ramayana* and *Mahabharata* too have their share of references to *law-making*. Not only India's much-adored Constitution is made up of the greatest number of words for its counterpart in any country across the world but also India's cornucopia of laws, rules and regulations, both invoking the Constitution and otherwise, has crossed humongous numbers, requiring nothing less than a genius to make out what these laws amount to in gist. The fact is that there are smart lawyers who can turn and twist the laws to the advantage of their patronising clients sending the Judges into a spin. The successive governments are obliged to pass fresh laws as they find cracks in earlier laws, thanks to the inevitable offending sections of society whose whole-time activity to break the laws, however stiff. The litmus test for any government to provide *good* governance is to rein in the *law-breaking* mass.

The current unmistakable law-related scenario in the land is marked by not only the relentless measures by the government to induce the masses to fall in line as it were but also campaigns by various voluntary groups to join hands with the government. Both parties are waging a losing battle by resorting to road-shows, short-text-graphics on television, posters and so on, making a low-level impact in changing the public conduct of law-breakers. The only other option has been to take the offenders to the Court and get the decision.

While the public perception of the 24 High Courts and other subsidiary *temples* of Justice across the land, barring exceptions, doesn't need to be explicitly mentioned, lately the Nation's Apex Court has taken upon itself to act as a regulator of almost all aspects of people's life, particularly criminal acts of both the high and mighty in the land as well as ordinary citizens. While the members of the ruling *juntas* at the Centre as well as the States and Union Territories in the company of bureaucrats have saturated the Courts by their whole-time corrupt practises, currently the land has begun to witness unfair deal to females all the way upto assaults, including rape starting from decimation of the female foetus, not to forget marriage of the girl child.

A four-column headline in a widely circulated National daily reading *"A woman doesn't mortgage herself to a man with marriage,"* quotes the Chief Justice of India. In addition, various issues relating to adultery, a captive-crime monopolised by the male are currently getting the attention of the Supreme Court. One gets the impression that the final verdict of the Apex Court will be in the nature of a fair fare for females in the land.

EDITOR'S BOTTOMLINE

There seems to be no end to offensiveness in this country. People keep making offensive films which distort history, among other things, and offend us. People eat beef, or we think they might have eaten beef, or maybe were even thinking of eating beef, and that offends us. People criticise the government — for demonetisation, or GST, or making you link your Aadhaar card to the daily* hisaab *account you keep with your local* sabziwala *— and that offends us. Every day, we're discovering more and more things which offend us. When a food delivery company put up advertising kiosks which displayed the letters BC and MC on them, we got so offended that we almost ended up offing ourselves. I was as off in my endedness as anyone else. But I was also puzzled. Exactly why was everyone — including myself — so offended? What is it about B, M and C which offends us so? Taken by themselves, or in conjunction with other letters of the alphabet, they're as inoffensive, indeed as innocuous, as Baba Ramdev's Ayurvedic Anti-Constipation Julab. *— Jug Suraiya in The Times of India.*

NEWS SPARKLERS

Never honked in 18 years!

Kolkata: An Indian driver has received the *Manush Sanman* award for not honking once in the past 18 years. It may seem a strange award, but India is well known for the chaos of its roads, and the typical driver's almost constant use of the car horn. Dipak Das, a Kolkata-based driver, believes that India can change this and eventually achieve peaceful, quiet roads.

Dipak Das, however, is not one of those drivers. He has worked as a chauffeur for many Indian celebrities, such as tabla maestro Pandit Tanmoy Bose, and guitarist Kunal, among others, and they have all praised his efforts to reduce noise pollution. The organisers of Manush Mela (Humanity Fair) have verified his atypical driving etiquette, and have recently honored him with the Manush Sanman award for his inspiring efforts. Das is a firm believer in a no-horn policy and hopes that his behaviour will help inspire other drivers to use the horn less frequently. He hasn't used the car honk in 18 years, and hopes others will follow his example.

Concealing stretch marks and dark circles with ink

Brasília: Although stretch marks are a typical, albeit annoying, part of life, most people wish that they could make them permanently disappear. There is an entire industry built around creams, lotions, and even surgery to help conceal these imperfections, but a Brazilian tattoo artist has developed a much simpler, more effective solution. Rodolpho Torres, of São Paulo, uses flesh coloured ink to hide stretch marks as well as circles under the eye. His exact method is a closely guarded secret, but we know that it involves creating an optical illusion via tattoo shading. Anvisa (National Agency of Sanitary Surveillance) has approved his ink. The ink blends into the stretch marks and dark circles, giving them the colour of the skin. Once the tattoos have healed, the client's skin appears smoother, and after sixty days they can sunbathe without the risk of spots developing. "It's not micro pigmentation, it's a tattoo. You can live a normal life and expose it to sunlight knowing that your skin will not become stained, because the tattoo pigments approved by Anvisa give us this security," Torres said.

What are some natural remedies for bad breath?

Bad breath, or halitosis, can be relieved by fresh herbs, such as stinging nettle, alfalfa sprouts, peppermint, fennel, parsley and licorice. Gargling with salt water also helps relieve bad breath by killing the bacteria that cause it.

**Health Capsules is not intended to be of a diagnostic nature.*

Actress Tamannaah presents 5-kg Bumper Prize to Malabar Gold lucky winner

Actress Tamannaah Bhatia handing over the Bumper Prize to winner Jackulin Carolin at an event held in Bengaluru recently as MLA N.A. Haris, Malabar Group Chairman M.P. Ahammed, MD (India Operations) O. Asher and Zonal Heads Iflu Rahman, P.K. Siraj and M.P. Subair look on.

Bengaluru, Dec.12- Actress Tamannaah Bhatia handed over the 5-kg Mega Bumper Prize of gold offered by Malabar Gold and Diamonds as part of their 2017 Diwali celebration, to the lucky winner Jackulin Carolin from Mangaluru at a grand function held at the JW Marriot Hotel, here.

MLA N.A. Haris, Malabar Group Chairman M.P. Ahammed, Managing Director (India Operations) O. Asher, Zonal Heads Iflu Rahman, M.P. Subair, P.K. Siraj, other management officials and invited guests were present.

The winner for the Mega Bumper Prize was selected through a lucky draw conducted among the customers who purchased gold and diamond ornaments from Malabar Gold showrooms across the country. Jackulin Carolin won the prize for the lucky coupon number 14748 which she had purchased from the Mangaluru showroom. The retailer has also given away a total of 111 kg of gold as prizes through weekly lucky draws and scratch and win contests across its showrooms as part of the extended 2017 Diwali promotional drive.

Disappearing groundwater: Awareness among whom?

Sir,

In a recent workshop on groundwater held in Mysuru, the Deputy Commissioner is reported to have called for creating awareness among people about groundwater usage. But in reality, this awareness is required among the administrators at the highest level in the Government.

It is their apathy about the judicious use of limited groundwater resources that has landed the State in an acute water crisis. The doyen of groundwater in Karnataka, late *Padma Shri* Dr. B.P. Radhakrishna, had cautioned in 1967 that "Groundwater should be used only as an insurance against drought and should not be allowed to be used recklessly." His warning has been endorsed in almost every report published by the departmental Hydrogeologists since then. But the reality is quite different.

Groundwater is a treasure held by Mother Nature since time immemorial, and it has been allowed to be plundered without any restriction through borewells during the last fifty years. As against only 60,000 dug-wells in 1967, there are more than 40 lakh borewells in the State at present. In this process, the water in dug-wells have dried up; inflow into more than 40,000 minor irrigation tanks and other small man-made water holding structures has dwindled to such an extent that more than 60% of these structures have been dry for the last two decades; seasonal streams have dried up and perennial streams have become seasonal.

With the borewells going deeper, the groundwater also started going deeper, forcing borewells to cross depths of more than 300 meters from just about 30-40 meters in 1970 when they were initially dug.

Withdrawal of groundwater from depths in excess of recharge, combined with interconnection of fractures and joints at depth increased the free flow of rain and other surface water into deep underground, causing the deterioration of water quality.

At present, more than 70% of borewell water is not potable. The cause for the present crisis is the government not heeding to the warning of Hydrogeologists and not enforcing the ban on borewells.

There is no systematic scientific plan to revive and manage the very limited (less than 2% by volume) groundwater resources in the State. The State Groundwater Directorate is headed by an Administrator (IAS), instead of a competent technically qualified Hydrogeologist. Instead of providing technical guidance about groundwater by posting a Hydrogeologist at Taluk level, the technical staff in the State Groundwater Directorate as a whole, which comprised about 150-plus members in the year 2000, has now dwindled to a mere 30-35. The crisis is deepening. If the government does not act fast, the damage could be irreversible.

—V. Mahesha, Retd. Deputy Director, Groundwater Survey Unit, Department of Mines and Geology

Trin Trin is India's first PBS, not Asia's

Sir,

Apropos to the ***Star Weekend Supplement*** on Trin Trin *(SOM* dated Dec.10), it was mentioned that this is the first Public Bicycle Sharing (PBS) system to be launched in Asia.

I would like to clarify that it is factually incorrect as these systems, though initiated much earlier across the West, have also been present in Asia at least as early as 2011 in China. Other Asian countries such as Japan, Singapore, Malaysia and Israel have also had these systems for a few years now, with China leading the world in terms of the presence and usage of PBS for any country.

The PBS introduced in June 2017 in Mysuru is, however, the first in the country, and is another feather in the cap for the city.

Painful Periods and Infertility

Gauri who was 23 years had been trying for pregnancy for 3 years. She had regular periods but had severe pain during periods. Ultrasound scan showed large blood fluid cysts which are called as Chocolate Cysts in both the ovaries. She underwent key-hole procedure where the cyst was drained and the endometriosis was destroyed to the extent possible. She was advised to undergo an IVF procedure for which the treatment was started. She produced four eggs which were fertilized by her husband's sperm.

Out of this two embryos were formed which was put back into the uterine cavity. The patient got pregnant and delivered a healthy baby.

Dr. Devika Gunasheela

Pain during periods is very common and is called as Dysmenorrhoea or simply as menstrual pain. Menstrual pain can be sharp, dull or shooting pain. They also cause nausea and if very severe may force the patient to take leave from work. It may precede menstruation by several days or a few hours, or may accompany it. It usually subsides as the bleeding decreases. When the pain is related to an underlying disease or disorder, it is called as secondary dysmenorrhoea. The common causes of secondary dysmenorrhoea are endometriosis, uterine fibroids and sexually transmitted diseases.

The common symptoms are pelvic pain and infertility. Pelvic pain usually occurs during or just before menstruation and lessens after menstruation. Some women experience pain during sexual intercourse, bowel movements or urination. Patients can also have bleeding when they pass urine or stools. Endometriosis can be one of the reasons for infertility in otherwise healthy couples.

In vitro fertilization (IVF) procedures are effective in improving fertility for some women with endometriosis. IVF makes it possible to combine sperm and eggs in a laboratory and then place the resulting embryos into the woman's uterus. Pregnancy rate with IVF procedure following a certain protocol of treatment can reach up to 50 – 60%.

Mutturaju, Nethravathi, Prashuram, Umesh and Bheemraj (Secretaries), Hanumanthiah, Ravi, S. Siddaraju, Kollappa (Joint Secretaries).

Supari case: Ravi Belagere lodged in Parappana Agrahara Jail

Ravi Belagere

Bengaluru, Dec.12- *'Hai Bengaluru'* Editor Ravi Belagere, who was remanded to 14-day Judicial custody by the First ACMM Court yesterday, has been lodged in Parappana Agrahara Central Jail. Ravi Belagere was arrested by the CCB Police on Dec.8 on charges of allegedly hiring supari killers to eliminate his former colleague Sunil Heggaravalli.

Even as Belagere was produced before the Court, his advocate K. Diwakar made a plea to the Court seeking medical care to Belagere. The Court after verifying the medical records, directed the Police to ensure medical treatment for Belagere.

Belagere, who was sent to Parappana Agrahara Jail, is undertrial Prisoner No. 12785 in the Jail.

After being treated in the Jail Hospital, Belagere was shifted to the Jail Cell in which Stamp Paper scam convict Karim Lala Telgi was lodged. Telgi died a couple of months ago due to illness while serving his prison sentence.

Meanwhile, Ravi Belagere's advocate K. Diwakar said that he will move a bail petition before the Sessions Court on Wednesday.

Police security for Sunil Heggaravalli

Heggaravalli

Bengaluru Police have provided security to journalist Sunil Heggaravalli and his family members following reported threat to his life. Sunil had lodged a complaint with the Subramanyanagar Police accusing Ravi Belagere of making threat calls even as he (Ravi) was in CCB Police custody. He had also appealed the Police to provide security to himself and his family members, following which the Police have provided security to Sunil Heggaravalli.

Meanwhile, Sunil Heggaravalli met Chief Minister Siddharamaiah yesterday and explained to him about the case, it is learnt.

The CM after hearing Sunil, is said to have directed the Police to provide security to Sunil.

Viju Badiger arrested

Viju Badigere

Bengaluru Police who have intensified investigation into the case in which Ravi Belagere is alleged to have conspired to kill journalist Sunil Heggaravalli by hiring supari killers, have succeeded in nabbing Viju Badiger, who is reported to have escorted Hitman Shashidhar Mundewadi to meet Belagere at his office.

Viju Badigere, who had gone absconding after Belagere's arrest, was picked up from Miraj Railway Station yesterday. A team of Bengaluru Police who had been camping at Sindagi in Vijayapura district for the past couple of days, had spread a net to nab Badiger, who was ultimately traced at Miraj Railway Station.

The Police are brining him to Bengaluru for interrogation, it is learnt.

Assault over financial issue

Complaint lodged against Head Constable

Mysuru, Dec.12 (RK)- A complaint has been lodged at Nazarbad Police Station against the Head Constable serving at Mandi Police Station here for allegedly assaulting a person over financial issue.

While the Head Constable has been identified as Mallikarjun, the complainant has been identified as N. Nagendra, a resident of 15th Cross in Mandi Mohalla.

According to the complaint, Mallikarjun had taken the Toyota Innova car of Nagendra about two months ago to Tirupati, where the car was involved in an accident resulting in the car being damaged severely. When Nagendra took the car to the showroom to get it repaired, he was told that the car has been badly damaged and the cost for the repairs would be high.

When Nagendra informed Head Constable Mallikarjun about the cost required for the repairs, Mallikarjun said: "Claim the money from the insurance company and I will pay the balance Rs. 4 lakh by paying Rs. 1 lakh per month."

Accordingly, Nagendra called Mallikarjun on Dec.3 and asked for the money, Mallikarjun reportedly threatened Nagendra by saying: "I cannot give you money for another six months."

Nagendra alleged that Mallikarjun called him on Dec.6 and told him to come to Nazarbad at 6.30 pm. When Nagendra went to Nazarbad, Mallikarjun is said to have told him: "I am a Police for namesake, but I am the don of Nazarbad," besides scolding Nagendra using foul language and assaulting him.

Nazarbad Police, who have registered a case on Dec.7 under IPC Section 341, 323, 504 and 506, are investigating.

Garbage on fire at K.R. Hospital premises triggers panic

Tension prevailed for sometime at K.R. Hospital premises yesterday after some miscreants set fire to the garbage near Ophthalmology Department which emitted thick smoke resulting in panic among the patients and public. Fire and Emergency Services personnel, who rushed to the spot, doused the fire and prevented it from spreading further.

Obituary

Gopal Krishna Rao

Mysuru, Dec.12- Gopal Krishna Rao (86), a office Superintendent in Southern Railways, passed away this morning at his residence in Krishnamurthypuram.

He leaves behind three sons including ex-Corporator M.G. Mahesh and a daughter. He was the Founder-President of Daivagna Samaja, Mysuru. Last rites were performed this afternoon at the foot of Chamundi Hill.

S. Prakash Lodha Jain

S. Prakash Lodha Jain, son of P. Shanthilal Jain and a resident of Mandi Mohalla, passed away early this morning following a heart attack. He leaves behind his father, wife, two children, two brothers and two sisters.

Eyes were donated to K.R. Hospital as per his wishes. Last rites will be held at the foot of Chamundi Hill this evening.

A Founder-Member of JCI Mysore Royal City, he was the Executive Committee Member of Sri Sthanakvasi Jain Yuva Sanghatan, Mysuru. An active member of *Helping Hand* and *Kabutar Daan* team, he was a dedicated social worker of Mysore Pinjarapole Society and Dezzire Friends Group. Family can be contacted on 94481-89223.

Syed Rafiq Khan

Syed Rafiq Khan (80), a resident of Dawood Khan Street in Lashkar Mohalla, passed away this morning at his residence here.

He leaves behind five daughters, a son, sons-in-law and grandchildren. Namaz-e-Janaza will be held after Asar (5 pm) today at Masjid-e-Azam followed by burial at Muslim Burial Ground near Tipu Circle.

Former MLA Muktharunnisa Begum passes away

Mysuru, Dec.12- Former Narasimharaja Constituency MLA and also a former MLC Muktharunnisa Begum (82), passed away at her residence at Bamboo Bazar, Tilak Nagar here yesterday.

Muktharunnisa, who had been admitted to a private hospital here a few days ago, was shifted to her house last evening as her health did not improve and she breathed her last sometime later.

Begum was elected as MLA from Narasimharaja Constituency in 1985 after defeating her nearest BJP rival Maruti Rao Pawar. She was also nominated to the Legislative Council in 1989.

She had the distinction of being the first Muslim woman Legislator from Karnataka to be elected to the Legislative Assembly.

Muktharunnisa Begum

Apart from serving AICC (All India Congress Committee) and KPCC (Karnataka Pradesh Congress Committee) in various capacities, she had also served as the Chairman of Bal Bhavan and Karnataka State Handicrafts Development Corporation (KSHDC). She had won many awards, including Shankar Dayal Sharma National award.

Begum had also functioned as President of city's Maharani's College Administrative Council for sometime.

She is survived by son Riyaz Ahmed and daughter Noor Madani. Her husband Basheer Ahmed, who founded the Royal Education Society, had pre-deceased her several years ago.

Last rites were performed this afternoon.

MLA Vasu, City Congress President R. Murthy, former Mayor Ayub Khan, Corporator Suhail Baig, Mysuru District Wakf Board Chairman Arif Makhri, Tobacco Board Member D.M. Abu Mohammed were among those who paid their last respects to the departed former MLA.

JD(S) *'Kumara Parva'* rally at Nanjangud on Dec.14

Nanjangud, Dec.12(RS&DM)- The JD(S) party's *'Kumara Parva'* rally, a campaign aimed at making JD(S) State President H.D. Kumaraswamy as the next Chief Minister, will take place at Nanjangud on Dec.14.

Announcing this at a press meet at the JD(S) office on Nanjangud-Ooty Road here on Saturday, Mysuru JD(S) President N. Narasimhaswamy said that former PM and JD(S) Supremo H.D. Deve Gowda will inaugurate the campaign after performing puja at Srikanteshwara Temple in the town on Dec.14 morning.

Party activists from across Nanjangud Constituency will take part in the rally that will be held at Yatri Bhavan premises, he said and added that efforts are being made to strengthen the party in the constituency.

District JD(S) SC/ST Wing President Belawadi Shivakumar, former MCC Corporator Somasundar and others too spoke on the occasion.

ZP Member Beerihundi Basavanna, Taluk JD(S) President R.V. Mahadevaswamy and others were present.

'Rahul era' begins for Congress

To take over from mom Sonia on Dec.16

New Delhi, Dec.12- As expected, Congress Vice-President Rahul Gandhi was elected unopposed as President of the Indian National Congress yesterday. He will formally take over the position from his mother Sonia Gandhi on Dec.16.

The announcement, made by the party's Central Election Authority Chief Mullapally Ramachandran, came at the end of an internal poll process in which Gandhi remained unchallenged, an election termed by his critics as "one horse race." His elevation heralds a generational shift with the tenure of its longest serving party President Sonia Gandhi coming to an end.

Rahul Gandhi, 47, is the sixth member of the Nehru-Gandhi family to lead the party. He has been Vice-President of the party since 2013.

Rahul Gandhi

Rahul's formal anointment as the new party President came a week ahead of the results of elections in Gujarat. Senior party leaders feel that the outcome of Gujarat elections will be his first test.

His challenges include the party's diminishing electoral strength, the old guard, motivating party cadre and reaching out to Opposition leaders. Today, the party, which once controlled almost the entire country, has its Governments in just five States and the Union Territory of Puducherry.

Sonia Gandhi will officially hand over the mantle of the 132-year-old party to her son around 11 am on Dec.16 after which Rahul Gandhi will meet leaders from across the country at the Congress' headquarters, party sources said.

The Congress has been losing State after State since the 2014 Lok Sabha election with the exception of Punjab.

Narendra Modi congratulated Gandhi tweeting: *"I congratulate Rahuljji on his election as Congress President. My best wishes for a fruitful tenure."*

Wild cat kittens rescued

Mysuru, Dec.12 (MTY&KS)- The Forest Department personnel, along with the villagers, have rescued two wild cat kittens from a sugarcane field at Kuppe village in T. Narasipur taluk on Sunday night.

Sugarcane was harvested in the field of one Jayaramu on Saturday during which the workers found two kittens which resembles like leopard cubs and informed the Forest Department authorities.

T. Narasipur DRF Umesh rushed to the spot and on seeing the kittens he informed the villagers that they were not leopard cubs but they were wild cat kittens.

Forest Department personnel, who took the kittens into custody, fed them and are taking care of them.

World Diabetes Day

Medical services for treatment of diabetes should be made affordable: Dr. S. Radhamani

Mysuru, Dec. 12 (PM&KS)- "Apart from creating awareness on diabetes, medical services for the treatment of it should be made affordable to all," opined MMC&RI Director Dr. S. Radhamani.

Dr. Radhamani

She was speaking after inaugurating 'World Diabetes Day' function, organised at JSS Hospital here with the theme 'Women and Diabetes' yesterday.

Stating that the Government had introduced many programmes to check diabetes, Dr. Radhamani said that private institutions should take the lead in this regard and urged the authorities concerned to check if they could distribute diabetes kits at an affordable cost.

She said that two out of every five women suffer from diabetes and added that it was high time that special care be provided to them besides stating that more awareness and health care programmes should be held which could check diabetes and other ailments among women.

Speaking on the occasion, JSS Medical College Principal Dr. H. Basavanagoudappa said that there were about seven crore people in the country who are suffering from diabetes out of which four crore were men and 2.7 crore women and added that the patients should be very careful and should not neglect diabetes as it could result in adverse effect which may lead to multi-organ failure.

JSS Hospital Director Dr. M.D. Ravi, Medical Superintendent Dr. M. Guruswamy and others were present.

Man sentenced to life for killing wife

Mysuru, Dec.12- A city Court has sentenced a man to life imprisonment besides imposing a penalty of Rs. 8,000 on him for killing his wife. Puttaswamy, 57, of Beeramballi Village in H.D. Kote taluk is the one who has been sentenced. Puttaswamy had married Nagamma 32 years ago and the couple led a happy life for a few years.

But domestic disharmony creeped in later and Puttaswamy, suspecting wife Nagamma's fidelity, set her ablaze by dousing kerosene in a fit of rage on Dec.7,2013. Nagamma, who sustained serious burn injuries was admitted to K.R. Hospital, where she breathed her last on Dec. 11, 2013.

Beechanahalli Police, who had registered a case in this regard, had filed charge-sheet against Puttaswamy in the Court.

The Fifth Additional District and Sessions Court Judge C.M. Joshi, who heard the case, held Puttaswamy guilty of the chargers and sentenced him to life.

Public Prosecutor C. Nagappa argued on behalf of the State.

Looking beyond a sham Election

Point of VIEW

T.J.S. George

For Rahul Gandhi, a setback in Gujarat will not be the end of the road. It will be the beginning of a new journey. Everyone is looking for a New India. The BJP spoiled its chances by equating New India with patriotic lynchings. A new Congress can seize the opportunity.

No harm would have come to the Congress Party if Rahul Gandhi was named President one fine morning. Much harm was done to its image by staging a charade of an election. As many as 89 sets of nomination papers filed for Shri Gandhi. Not even one *nam-ke-wastay* opponent. (Dissidents? What dissidents?) The party's dutiful "Central Election Committee" wanted a day to scrutinise the papers. A deadline was fixed for withdrawal of nominations. Then voting. Who were they trying to fool? Why?

Among the first to react was Mani Shankar Aiyar, the Congressman who has just lost his Congressmanship. Off-centre as ever, he underlined the meaninglessness of the election by proclaiming that Rahul's elevation was as natural as Mughal succession. "After Jehangir, Shah Jehan came. Was an election held? After Shah Jehan it was understood that Aurangazeb would be the leader."

Understood by whom? There was a bit of humbug there introduced by Mani. The Mughals had no tradition of passing power from father to son. Shah Jehan did want to crown his eldest son Dara Shikoh, a thinker and religious liberal though poor in military matters. The ambitious Aurangazeb defeated various opponents, then turned on Dara accusing him of being no longer a Muslim. Dara was betrayed by a General and was eventually executed. Aurangazeb cut his brother's head and sent it to his father detained in Agra Fort.

So why did Mani compare Rahul Gandhi's succession to that of Aurangazeb? Nothing disloyal, to be sure; he is known as one of the few civilised men in politics. But he loves intellectual mischief, as most intellectuals do. He probably wanted to give another handle to his nemesis, Narendra Modi, and watch the fun. He did that once by revealing something nobody had noticed till then – that Narendra Modi began as a *chaiwalla*. The Modi juggernaut used that bit with great success. Naturally, Modi seized the Aurangazeb bit as well. He has been having a ball comparing the Congress with the Mughals.

Of course, the BJP has no moral right to criticise Aurangazeb in the Congress when its own leaders are saffron-clad Aurangazebs. Were L.K. Advani and Murli Manohar Joshi sent to pasture through an election? How many BJP Chief Ministers became Chief Ministers through inner-party elections? The Indian voter is not dumb. He and she can see the hypocrisy of one party accusing another of wrongdoings when all of them wallow in wrongdoings. Dynastic autocracy is no different from personality-based autocracy.

Fortunately, for the Congress, its tactical mistakes have not so far dented the image-boost that Rahul Gandhi acquired in recent months. The rise of Patel politics in Gujarat and the remarkable electoral setbacks the ABVP, the student wing of the BJP, has suffered in Delhi, Hyderabad, Varanasi, Rajasthan, Guwahati and even the Central University of Gujarat point to a trend. Modi will remain unbeatable in oratory. But recent events show that, without oratory, his opponents can attract some attention.

Image matters in public life: Richard Nixon's camera-unfriendly "7 o'clock shadow" undid him before the fresh and friendly face of John Kennedy. Modi's dreamlike idealism will remain unrivalled, but it can no longer be separated from the image of Amit Shah who has become his alter ego. Nor can he escape from the negative vibes produced by his Finance Minister who goes on introducing half-baked reforms, then keeps correcting them in bits and pieces, all the time claiming superior wisdom incomprehensible to ordinary mortals. Image matters — and the image of the Government today is not what it was yesterday.

Opposition forces have gained ground support in Gujarat, but Gujarat is one State the BJP simply cannot afford to lose. If they lose Gujarat, they lose India. So they will use every trick in the book and then some to win. They have already got help from squirrel parties like NCP and AAP who will field their own squirrels and thus split anti-BJP votes. BJP strategists must now protect EVMs to prevent Hardik Patel from tampering with them, and protect the Election Commission also to prevent Alpesh and Jignesh from misusing it. Got it?

For Rahul Gandhi, a setback in Gujarat will not be the end of the road. It will be the beginning of a new journey. Everyone is looking for a New India. The BJP spoiled its chances by equating New India with patriotic lynchings.

A new Congress can seize the opportunity.

A new Congress? Ay, there's the rub.

Reviving Tribal Medicinal Practices

National Workshop on Tribal Healers and Expo of Tribal Medicines to conclude on Dec. 14

Mysuru, Dec.12 (SV)- The National Workshop on Tribal Healers and Exhibition of Tribal Medicines, being held at Indira Gandhi Rashtriya Manav Sangrahalaya (IGRMS) premises on Irwin Road, Mysuru, has several tribal healers from various States who aim to revive the traditional healing practices. The workshop focuses to document their methods and practices that will be studied for future correspondence. At the expo, the healers have set up small kiosks, where they have several roots, shrubs, leaves, etc., that act as a source of cure to several ailments. *Star of Mysore* interacted with a few of the healers, who gave an insight into the naturally curing tribal healing methods. The expo will be on till Dec. 14 between 11 am and 6 pm.

"Tribal medicinal practices have no side effects at all"

A group of tribal healers hailing from Nilgiri, Kotagiri, Ooty, Tamil Nadu, claim that it is essential for a person to know about the tribal and natural medicinal practices as it will help him/her in leading a healthy as well as a long life. Four old ladies clad in white sarees belonging to Kurumbar and Irula tribe communities have set up a stall at the ongoing Exhibition and have devised medicines for several ailments. Sushila, Kannama, Chellama and Janaki have been practicing tribal medicinal practices since their childhood. They have traditional and natural cure for problems like piles, jaundice, blood pressure, joint pains, asthma, wheezing, fractures, cold and coughs, etc. They have several oils and powders made out of roots and leaves that help in body heat reduction, hair growth, face glow etc. They inculcated these traditional practices in their lives from their elders and that continued on to others. These communities have been practicing this since 3 to 4 generations.

Janaki, who is in her sixties, told *SOM*, "We come from Nilgiris where there is a rich biodiversity of medicinal plants for several ailments, using which we can help the patients in curing their ailments. **But we face a tough time from the forest officials as most of the plants are grown in the wild; the officials do not give us permission to ferry them.** We manage to get some roots and shrubs in little quantities and with that we prepare medicines. **Only if we get enough support from the government we can do wonders with these herbs which in turn will benefit the public.** These practices of healing have no side effects at all. I have been accustomed to this since my childhood and this practice is completely safe and effective."

Mani, who is also a part of this group added that since 15 years they have been healing people regularly at their village, but since the last ten years they also move out even from State to State to heal people. **On being asked about the names of the trees or the herbs, he denied to reveal them as he opined that it was a secret and it once so happened that the commercial industries mixed some chemicals along with the herbs which led to misuse of their knowledge.**

THE HEALERS FROM NILGIRIS, OOTY: (From left) ***Kannama, Chelamma, Janaki, Mani and Sushila are seen with their medicinal oils, plants and roots at the Tribal Medicine expo in city.***

"Identifying plants and their values is the key"

Vaidh Gangadhar of Bharatiya Jadi Buti Vigyaan Kendra from Madhya Pradesh with his setup of roots and herbs at the expo.

A 52-year-old healer Vaidh Gangadhar, hailing from Amarkantak, Madhya Pradesh, is well-versed with the knowledge of plants and its properties. Being a part of the Bharatiya Jai Buti Vigyaan Kendra, MP, he is engrossed in preparing medicines for different ailments. At his stall, he has cure for jaundice, eye strains, joint pains, migraine, low haemoglobin concentration, cancer, asthma, tuberculosis, weakness and blood pressure. He has been identifying plants since the age of seven. He said, "I used to go with one of the Vaidh Gurus (Healing teacher) to the forest in my childhood and since then I have surrounded myself with the study of plants. I have several plants and herbs like Chitrak, Kali haldi, Jata Shankhari, Brahmi Buti, Safed Musli etc. I have gained this knowledge of plants with just experience alone which I have mastered over a period of about 45 years."

On being asked if he faces difficulty from the forest officials, he said, "The forest officials are doing their duty to conserve the plantation and wildlife. The forest conservators educate us and also guide us — for instance, if a species of plant is becoming extinct or endangered we do not pluck them or uproot them. It is the people who do commercial business who are a major concern to the safety of forests. The greed to want more and more is destroying the natural resources. We just take a couple of roots and leaves and serve the patients. Some tribes also have their own nursery at their homes."

Gangadhar has also guided and helped several students in their Ph.D research on plants and ayurveda. He has been awarded a certificate for helping about 100 research students from University of Allahabad, UP, in identifying plants in the forests. He loves the bond that he shares with plants and will continue to serve the public.

"Tulsi is the Best Medicine"

Ravi Mamlaji, an Adivasi belonging to Rajgondh Samaj, is a part of the Jaiseva Jadi Buti expo at IGRMS. He and his team which consists of his son Vimal, Ratan Maharaj, a Raj Vaidhya and Bhamsilal, hail from Bidar, Karnataka. Their only objective is to revive ayurveda and the old medicinal practices which are slowly fading away due to modernisation and commercialisation. They have medicines like Brahamadandi, Satvari, Rakthkand,Gond Satva, Maha Suganda etc., catering to different diseases like diabetes, bronchitis, allergies, hair fall, acidity, chronic disorders etc. They were of the opinion that Tulsi must be grown at every individual's house and must be a part of the daily diet as it has super healing powers.

Ravi Mamlaji was all praise of the Karnataka Government for helping them in reviving the tribal healing practice. He said, "**The Government is giving us recognition and invites us to such workshops where all expenses are taken care of.** They have given us lands at Bidar where we have setup our Ashram and provided us home to live in. **My son Sudarshan is a M.A graduate; he left his job and is now doing his Ph.D in Ayurveda as the Government is funding his studies in the Hampi University.** He will carry this tradition forward and ayurveda will definitely help the people in the long run. I wish the Governments of other States also take steps like our government and help the healers in reviving this art related to medical science as a whole."

They claim that their tribe is doing healing since about 7 generations and will continue to do so in future, by spreading the knowledge of ayurveda.

FROM LEFT: ***Bhamsilal, Vimal, Ratan Maharaj and Ravi Mamlaji of Bidar belong to an adivasi tribe that is practicing ayurveda.***

ATTEMPT TO ENTER LIMCA BOOK OF WORLD RECORDS

Man de-husks two coconuts in 30 seconds, lifts 54-kg man with teeth

Mysuru, Dec.12 (MTY&KS)- A 39-year-old man de-husked two coconuts using his teeth and also lifted a 54 kg man using his teeth in his attempt to enter the Limca Book of World Records.

P.J. Gautham Verma, a native of Patlu village in Channapatna taluk in Ramanagaram district, who has to his credit two Limca Book of World Records, two Limca Records and a Guinness World Record, is the man who demonstrated his skills at Pathrakartara Bhavan here yesterday.

Gautham, who lost his mother when he was two-year-old, lost his father about 15-years ago and his four brothers took care of him. He said that because of their support he has become successful and added that he has opened a private school in Bidadi from where he earns his livelihood.

Gautham said that he was inspired by George, a Keralite, who created a record by de-husking three coconuts in five minutes in 1996 and added that he began practicing de-husking coconuts using his teeth for four years before he made his first record in the year 2000.

He said that he now has the potential to de-husk 45 coconuts in a minute and lift a maximum weight of 80 kgs using his teeth. Gautham further said that he is engaged in yoga, facial exercise and other fitness exercises to improve his physique and added that he has been practicing for about one-and-a-half-hours daily.

MCC Contractor Venkatesh, JD(S) Taluk President Mahadevaswamy, Mysuru District Lorry Owners' Association President Kodandaramu and Hariharan were present.

Gautham's records...

- De-husked 51 coconuts in 38 minutes in 2000 and created a Limca Book of World Records.
- Pulled a Maruti 800 car for a distance of 157 metres in 2 minutes 18 seconds using his ears in 2002 and entered the Limca Book of World Records.
- Stuffed 300 straws in his mouth in 2005 and created another Limca Book of World Records.
- Climbed a coconut tree with a bicycle in his mouth in 2014 to create another record in 2014.
- Created Guinness Book of World Records in 2014 by de-husking three coconuts in 42 seconds.

Mysuru Zoo to gift Bubbly the young giraffe to Bannerghatta

Transport cage placed inside enclosure for Bubbly to get used to it

Mysuru, Dec. 12 (KS)- The authorities of Mysuru Zoo have decided to gift three-and-a-half-year-old giraffe named Bubbly to Bannerghatta Biological Park in Bengaluru, said Zoo Executive Director C. Ravishankar.

Speaking to *Star of Mysore* this morning, Ravishankar said that the cage in which Bubbly would be transported is kept inside her enclosure for Bubbly to get familiarised with it and added that it would take a month or more to transport her to Bannerghatta.

When asked about the number of people who would be accompanying Bubbly to Bannerghatta and the date of transportation, the Zoo Executive Director said that only Bubbly has been selected to be gifted and it would take time to fix the date for it to be transported and the number of people to go along with it as the transportation route between Mysuru and Bengaluru has to be studied first as it is not easy to transport such a tall animal which may stand at about 22 ft. tall and added that as there are power lines on the route, we need to check for it and urge the authorities concerned for their support for the smooth transportation of Bubbly.

Following the death of Krishnaraja (21) on Nov. 25, the Mysuru Zoo is now left with seven giraffes (two male and five female) including Bubbly.

39,000 applicants for 531 sites at Lalithadripura!

MUDA to release provisional list of beneficiaries on Dec.18

Mysuru, Dec. 12 (RK&BCT)- The Mysuru Urban Development Authority (MUDA) will release the provisional list of beneficiaries of the layouts that have been formed at Lalithadripura Second Stage. The list will be released on Dec.18 and there are over 531 sites.

According to MUDA officials, more than 39,000 people have applied for the sites and among them, over 19,000 people have applied more than once. 20,000 are first-time applicants. Over 60,000 people had taken the application forms by paying a fee of Rs.100 each when the applications were sold through various branches of Vijaya Bank.

As the sites have to be distributed as per seniority order, MUDA officials personally visited the houses of the applicants to ascertain if they were living in their own house or in rented accommodation. Officials said that the details of the applicants have been meticulously collected along with the statements of their neighbours.

All the data entry works have been completed regarding the site allotment and approval will be taken at the MUDA meeting that will be held on Dec.15. If there are any objections, people will have 15 days to submit the same and the final beneficiaries list will be released after 15 days, officials said.

The Dec.15 meeting will be presided over by MUDA Chairman D. Dhruvakumar. At the meeting, several issues including Lalithadripura layouts, registration of contract agreement for R.T. Nagar site beneficiaries will be discussed.

RTO conducts emission test for private vehicles

In a bid to reduce emission of toxic smoke from vehicles, the officials of RTO East and West along with the officials from the Karnataka State Pollution Control Board (KSPCB), Mysuru, conducted emission tests using the mobile emission testing van of KSPCB for private vehicles from 11 am at K.R. Circle here this morning during which about 25 vehicles including autorickshaws were tested.

CM wants stay on teaching, non-teaching posts in UoM vacated

Mysuru, Dec.12 (RK&NNN)- Chief Minister Siddharamaiah has directed Social Welfare Department to vacate the stay on the process of appointment of teaching and non-teaching staff to the University of Mysore within ten days.

In the light of the State Legislature Committee on Scheduled Castes and Scheduled Tribes in a meeting in January 2016 finding that the University, during its earlier recruitment, had neither followed the roster system properly nor filled up backlog vacancies.

No appointments had taken place since April 2016 and as a result, 301 teaching posts and 735 non-teaching posts are lying vacant. If these posts are unfulfilled, the UGC will not give grants.

Hence, in the light of this background, the CM held a meeting at his Home Office 'Krishna' in Bengaluru yesterday and directed the Social Welfare Department to withdraw the stay within ten days.

He also directed the University of Mysore to fill the posts following all rules in a transparent manner. Mysuru District in-Charge Minister Dr. H.C. Mahadevappa, Higher Education Minister Basavaraja Rayareddy, Department Principal Secretary Lakshminarayana, University of Mysore in-charge Vice Chancellor Prof. C. Basavaraju and Registrar D. Bharati and others were present at the meeting.

Transparency in appointments

Out of the 735 vacant teaching posts, permission has been given to fill 260 posts. The remaining posts would be filled in stages. "There is a change in the Statutes for recruitments and according to the revised Statutes, the recruitment process will be followed transparently," said Bharati.

Applications will be called for recruitments and through written tests the eligible candidates will be shortlisted. Later, according to 1:3 ratio, oral interviews would be held. The marks scored in the written test will be given weightage and the marks of the oral interviews would not be kept a secret but announced on the same day.

A tentative list of selected candidates would be announced and opportunity will be given to candidates to file objections if any. When the final list is announced, the selected candidates must submit Police Verification and Authentication Certificates, she said.

VCs have powers to recruit: Governor-Chancellor

Meanwhile, Governor Vajubhai Rudabhai Vala said yesterday that a Vice-Chancellor has power to recruit Professors and other faculty members to the vacant posts in government and government-aided Universities. He opined that a VC need not ask for any prior permission from the government to make such appointments.

According to Vajubhai Vala, who was addressing the representatives of all the affiliated and autonomous engineering colleges of Visvesvaraya Technological University (VTU), whenever a post falls vacant, the government takes nearly two years to fill it by following procedures, which inconveniences the student's education.

He suggested that if there are no professors or required instruments or infrastructure, such colleges must be closed down the following academic year.

Workshop on 'Methodology of slaughtering animals' held

Mysuru, Dec.12 (MTY&US)- Mysuru City Corporation (MCC), in association with the Department of Animal Husbandry, had organised a workshop on cleanliness and methodology of slaughtering animals at the Corporation Slaughter House in Kesare here this morning.

About 400 people involved in the trade were briefed on Animal Protection Act and scientific method of slaughtering animals with focus on cleanliness by Capt. Thimmaiah and Society for Prevention of Cruelty to Animals (SPCA) Member Dr. B.T. Jayaramaiah.

Inaugurating the workshop, MCC Commissioner G. Jagadeesha said that all people involved in the trade of slaughtering animals should be aware of the Animal Protection Act. He asked the workers at the Slaughter House to strictly obey the laid down rules. He pointed out that even loading and unloading of animals to a vehicle should be done properly.

Deputy Mayor Rathna Lakshman, Department of Animal Husbandry Deputy Director Dr. Prasad Murthy, Assistant Director Dr. Tirumalagowda, Slaughter House in-charge Dr. Suresh, MCC Health Officer Dr. Nagaraj and others were present.

Twenty coaches of Chamundi Express train detach

(Continued from page 1)

There was a delay of 45 minutes due to this snag and the train reached Krantivira Sangolli Rayanna Station in Bengaluru 45 minutes late. It usually reaches Bengaluru at 9.40 am.

Railway officials have, however, denied the incident with most of them remaining tight-lipped. Sources said that Pandavapura comes under Hubballi Division and they would know about the incident. While the Public Relation Officer (PRO) in Bengaluru denied the incident, Hubballi PRO was not responding to calls. An official at the Mysuru Station said on condition of anonymity that the train's screw coupling became loose and the coaches were detached.

MYSORE WINTER RACES 2017

(By Our Racing Correspondent)

'Good Earth' may win

Mysuru, Dec.12- The following are the selections for the 4th Day Mysore Winter Races to be held here tomorrow (13th December 2017)

Rich Tribute to Muthuswami Dikshitar

By Dr. Rama V. Bennur

A different variety of programmes marked Muthuswami Dikshitar's Day at Ganabharathi of Mysuru on Nov. 25 and 26 at its Veene Seshanna Bhavana. Prof. Vishweshwaran gave an erudite lecture demonstration on the 25th and vocalists and instrumentalists paid rich tribute to the great composer on the 26th.

The topic of Prof. Vishweshwaran's talk was 'Deepness of Muthuswami Dikshitar's Navagraha Kruti and its counterpart in Western music.' The second part indeed had created much curiosity among the listeners. The cluster compositions or Krutis in group of Dikshitar like Navagraha, Neelothpalamba, Kamalamba and Abhayamba Navavarana, Pancha bhootha sthala linga and Devi Krutis are a unique contribution to music.

They have captured the very essence of Vedantha, Tantra, Sanskrit and music. He has composed nine krutis exclusively on the nine planets in his Navagraha Krutis. Prof. Vishweshwaran explained each composition in detail and sang them. Later on, he unveiled the result of his research on the similarities in the subject and attitudes of two great composers — Dikshitar and Gustav Theodore Holst, an Englishman. It is interesting to know that Gustav (1874-1934) was a Sanskrit scholar and went on to translate 'Sita', 'Savitri', Rig Veda hymns and texts of Kalidasa. Whether he had heard Dikshitar's Navagraha Krutis or not, probably was the first western composer to compose on the Planets. The striking similarities between the two composers expression, apart from the subject, attracted Prof. Vishweshwaran and encouraged him to know more about his compositions on the planets. He demonstrated it by playing clippings of Gustav's compositions that made the presentation more interesting.

On the 26th, Vid. Krishnamurthy along with K. Chetan Kumar, A. Puttaswamy, P. Shivu and Mahadevaswamy started off with a grand Nadaswara-Dholu concert. 'Vatapi', 'Akhilandeshwari' and 'Sarasijanabha Sodari' paved way for the other compositions of Dikshitar by other artistes. **Vid. Manasa Nayana** rendered 'Panchamathanga', 'Bruhannayaki' , 'Hariharaputram' and 'Kailasanathena' in a scholarly manner. He was accompanied by **B.K. Raghu** and **M.S.Jayaram.**

Vidushi M.R. Sudha presented 'Simhasanasthithe', 'Karikalabhamukham' and 'Rajagopala' along with **B.K. Raghu** and **M.R. Manjunath.**

The afternoon session began with a difference. The 'Nottu swara's of Dikshitar were presented in an orchestral manner by **Dr. K.T. Udayakiran** (violin), **Jayson Zacharia** (keyboard), **Leonard** (Bass Guitar)and **R. Karthik** (khanjira).

Many popular and also some unheard pieces were presented with numerous improvisations that was quite a new experience for the listeners.

Vasudha Keshav sang 'Santhana Gopala', 'Kamakshi Kamakoti' and 'Mayuranatham' in a classical rendering. She was accompanied by **Vidu. M.A. Jyothi** and **A. Radhesh.**

Vid. Ballary M. Raghavendra's presentation included 'Sri Rama Saraswathi', 'Kamalamba', 'Narasimhagaccha' and 'Veera Hanumathe' in a majestic style. **C.N. Tyagaraju** and **G.S. Ramanujam** accompanied him.

Vid. N.R. Prashanth with **Vidu. Veena Suresh** and **Kanchana Eshwara Bhat** sang 'Paranjyothi', 'Renukadevi', 'Gowreeshaya' and 'Maamava Meenakshi' in his own style.

Vid. Vamshidhar played 'Sri Mathrubhootham', 'Ramanatham Bhaje', 'Ranganayakam' and 'Sri Krishnam Bhaje' on the flute along with **C.N. Tyagaraju** and **G.S. Ramanujam.** The last rendering was by **Vid. N. Srinath,** who chose 'Siddhivinayakam', 'Govardhana Gireesham' and 'Meenakshimemudam' in an attractive way. He was accompanied by **M.A.Jyothi** and **Kanchana Eshwara Bhat.**

It was a great opportunity to listen to many unheard and rare Kruthis of the inimitable Muthuswami Dikshitar. Thanks to Ganabharathi for providing such an opportunity.

Carol singing heralds X-mas

Carmel Catholic Association (CCA), N.R. Mohalla, had organised a day-long Carol Singing Competition-2017 at Maharaja's College Centenary Hall here on Sunday. Picture shows tiny-tots singing carols to herald the arrival of Christmas.

Virat & Anushka become Virushka

Italy, Dec. 12- Actress Anushka Sharma and Indian Cricket Team Captain Virat Kohli tied the knot at a picturesque location in Italy yesterday. The actress was seen in an exquisite tailor-made creation from the designer's boutique, a pale pink lehenga with 'Renaissance embroidery' in vintage English colours embellished with silver-gold metal thread, pearls and beads.

While the bridal jewellery was handcrafted with syndicate uncut diamonds, pale pink spinel and baroque Japanese cultured pearls by the Sabyasachi Heritage Jewellery collection. Her makeup was light and minimal which added an elegant touch to the entire look.

Whereas, Virat wore an ivory raw silk sherwani, hand-embroidered in a vintage Benarasi pattern and signature House buttons with an old Rose silk Kota safa with accessories by Sabyasachi. The wedding was performed as per Hindu rituals. Anushka walked down the aisle with Virat yesterday in Italy, in a private ceremony.

The wedding took place at a countryside resort named Borgo Finocchieto, one of the most expensive holiday properties in the world. The property is located in a small village called Bibbiano - having a population of less than 100 people. It is in the Tuscany region of Italy.

The couple will be hosting a reception in New Delhi for their relatives on Dec. 21 which will be followed by a reception for couple's Bollywood friends and cricketers in Mumbai on Dec. 26.

Manhole cover posing danger to motorists in Vivekanandanagar

The cover of a manhole on 9th 'A' Main Road, 2nd Cross in Vivekanandanagar is posing dancer to motorists as the cover has become loose and may come off when motorists move on it. Authorities concerned are urged to take steps to replace or rectify the manhole cover at the earliest before any untoward incident take place.

Clear this garbage dump in Vijayanagar

Garbage such as empty plastic covers, papers and packing items, which are dumped in Vijayanagar 4th Stage, 3rd Phase, is causing nuisance to the residents living in the surroundings as waste materials are entering houses due to wind and are also getting scattered on the road. Authorities concerned are urged to get the garbage cleared at the earliest.

Uncleared garbage attracting dogs at Hootagalli

Garbage which is dumped next to Rotary Midtown School in Hootagalli here is attracting stray dogs which are scattering the garbage which has become an eyesore in the locality. Authorities concerned are urged to get the garbage cleared soon.

'Touts creating nuisance in RTO offices'

Citizens' allegation at MGP meeting

Mysuru, Dec.12- The presence of a lot of touts (agents) at the Regional Transport Offices (RTO) in city is causing a lot of problems to the people visiting it to get their work done, alleged citizens at a meeting of Mysore Grahakara Parishat (MGP).

At the meeting held here on Sunday at the MGP office in Yadavagiri on the subject 'Problems at RTO,' a member of the MGP brought up this issue for discussion. He asked what steps were being taken to the nuisance created by the touts at the RTO, which is increasing by the day.

Reacting to the question, RTO Superintendent Shivaprasad urged the members and the public not to have any doubt regarding the service provided or duties discharged by the staff.

"I have been serving the Department since the last 33 years in different districts. I do not have a single black mark during my tenure so far. There is shortage of staff in the Department while the number of people visiting the office has gone up enormously. Hence, there is delay in providing service. Even then under SAKAL, all the applications are being addressed within the time frame," he said.

He charged that a few people do not produce proper documents and hence approach the touts. The touts who make use of the situation, cheat the people. But all these things happen outside the office premises. The public should come forward and complain to the Police about such irregularities, he advised.

"We are helpless in controlling touts and this complaint is nothing new as the people have been discussing about this problem since several years. If we have to put a stop to this practice then it is important to create awareness among the public," he said.

Shivaprasad said that the public should directly approach the officers concerned with their doubts instead of going to the touts. Instead, for every small incident it is not good to blow it up and start blaming the whole system.

There were more than 20 suggestions from the members to the RTO including licence cancellation, road safety week, to train the boys and girls who apply for new Driving Licences on road signals and checking the documents of old vehicles.

RTO Officer Deepak, MGP Working President Prof. S. Shobana, Srimathi Hariprasad, Dr. T.N. Manjunath, M. Jayaram, K.S. Umakanth, P.M. Bhat, Prof. V. Jagannath, M. Janaki Raman, H.R. Balakrishna, Asif Ali Khan, B.S. Shankar, K.N. Radhakrishna, H.T. Prakash, U.B. Acharya, M. Arjun, Arunkumar, N. Gangaprasad, C.R. Aswath Narayan, K.R. Seshadri, K.R. Vaidyanathan and M. Suma were present.

MGP suggestions to RTO Officers

- Create more awareness about online facilities in RTO.
- Conduct awareness programmes in schools and colleges about road safety and road rules.
- Take stringent action against air and noise polluting vehicles.
- Take all precautions not to issue licence to students who have not attained the age of 18.
- Take action against drivers violating traffic rules and respond to the letters of the Traffic Police to the Road Transport Department regarding violations, so that both Departments can work in tandem.
- Open separate counters for senior citizens.
- Ask public to co-operate with the MGP in its study regarding traffic in Mysuru.

Mayor inaugurates public toilet at Boti Bazar

Mysuru, Dec.12 (PM&DM) Mayor M.J. Ravikumar inaugurated the new toilet at Boti Bazar close to Devaraja Market in the heart of the city yesterday.

The new toilet has been built in 240 sq. ft. area after demolishing the old one. The new toilet has also a bathroom fitted with a solar water heating system, apart from latrines and urinals.

The toilet has been constructed in L-Shape at a cost of Rs. 20 lakh.

The toilet, which is a 'Pay and Use' one will be of much benefit to the working class and daily visitors.

Dy. Mayor Rathna Lakshman, MCC Commissioner G. Jagadeesha and others were present.

MyBuild-17 exhibition concludes

DFRL Scientist releases MyBuild-18 banner

DFRL Scientist A. Ramakrishna seen releasing MyBuild-2018 banner at the valedictory function of MyBuild-17 at the Maharaja's College Grounds here yesterday. BAI State Chairman S.R. Swamy, MyBuild-17 Chairman K.R. Prabhakar Rao, Honorary Secretary S. Vasudevan, BAI Mysore Chairman S. Mahadevaswamy, Honorary Secretary M. Rathnaraj and others are seen.

Mysuru, Dec.12 (YDS&NNN)- The valedictory function of the six-day MyBuild-17, the mega exhibition, organised by Builders Association of India (BAI), Mysore Centre at the Maharaja's College grounds was held last evening.

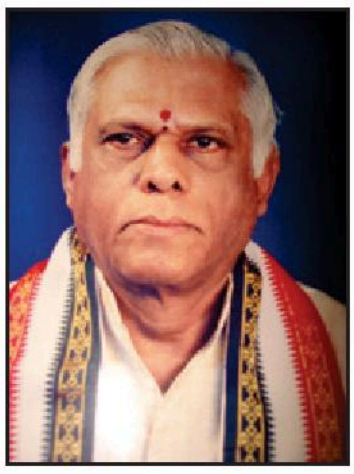
DFRL Scientist A. Ramakrishna, speaking after releasing the MyBuild-18 banner, said that drinking a lot of bottled water would have adverse impact on the health of a person.

"If one is healthy then a lot can be accomplished in one's life. Engineer-Statesman Sir M. Visvesvaraya constructed KRS dam and Kengal Hanumanthaiah built the Vidhana Soudha. One needs to have a healthy constitution like these great people to achieve something. Hence, everyone should consume balanced and healthy food," he said and added, "till my last breath I will work in the interest of Defence Department."

In the MyBuild Exhibition that began on Dec.6 and ended yesterday, mementoes were presented to persons who booked the first flat at the exhibition and promoted the home concepts.

BAI State Chairman S.R. Swamy, MyBuild-17 Chairman K.R. Prabhakar Rao and Honorary Secretary S. Vasudevan, BAI Mysore Chairman S. Mahadevaswamy, Honorary Secretary M. Rathnaraj and others were present.

Music concerts in memory of PGL



It's been 11 years since the Mridangam maestro Karnataka Kalashree Vid. P. G. Lakshminarayana has departed from us. Popularly known as PGL ('Prouda Gambhira Layavadaka' as described by another great thinker G.T. Narayana Rao) in music circles, he was a Guru in a true sense and an artist par excellence.

In his memory, PGL Samsmarana Vedike has been organising music concerts for the past one decade and this year also music concerts are arranged on Dec. 13 and 14 at 6 pm at Vasudevacharya Bhavana on JLB Road.

On 13th, there would be a Karnatak music vocal concert by **Vid. T. V. Ramaprasad** accompanied by **Vid. Vittal Ramamurthy** on violin, **Vid. Thiruvarur Bhakthavatsalam** on mridanga and **Vid. G. Ravichandran** on ghata and on 14th, there would be a Karnatak music vocal concert by **Vidu. A. Vasudha Keshav** accompanied by **Vid. Achyutha Rao** on violin, **Vid. C. Cheluvaraju** on mridanga and **Vid. Gurumurthy** on ghata.

Vid. Thiruvarur Bhakthavatsalam and Vid. T. P. Vaidyanathan, a Senior artiste from Mysuru, would be felicitated on 13th and 14th respectively. Connoisseurs of music may attend in large numbers. — **A rasika**

Bengaluru Intl. Film Fest in Feb.

Bengaluru, Dec. 12 - The 10th edition of Bengaluru International Film Festival (Biffes) will be held from Feb. 22 to Mar. 1, 2018 in Bengaluru and Mysuru. The organisers have selected 200 films from around 50 countries to be screened during the festival.

Chief Minister Siddharamaiah, unveiling the logo of Biffes-2018 yesterday at Vidhana Soudha, said that the festival will be organised with the theme *"Human Rights and Social Justice"* and added that it will have participation from filmmakers, directors and artistes from across the globe.

Karnataka Chalanachitra Academy and Department of Information and Public Relations are organising the festival on behalf of the State Government. This year, both the inauguration and valedictory will be held in front of Vidhana Soudha in Bengaluru unlike last year where the valedictory was held in the Mysore Palace premises.

This year, the organisers for the first time have decided to give the Lifetime Achievement Award, which carries a purse of Rs. 10 lakh. However, the recipient of the award will be chosen by a special committee. Apart from Lifetime Achievement award, the other awards such as Best Indian Film in Competition, Best Kannada Film in Competition, Best Asian Film and Best amongst the popular entertainment cinema in Kannada will also be given away.

CM Siddharamaiah is seen unveiling the logo of Biffes-2018 at Vidhana Soudha in Bengaluru yesterday as PWD Minister Dr. H.C. Mahadevappa, Karnataka Chalanachitra Academy Chairman S.V. Rajendra Singh Babu, Veteran Actress Bharathi Vishnuvardhan and MLC Jayamala look on.

Biffes will feature academic interactions on film-making and film appreciation, such as seminars, workshops and master classes, for film professionals, discerning audiences and students. Last year nearly 25 foreign delegates attend the festival while 264 films from 45 countries were screened on 15 screens combining both Bengaluru and Mysuru.

'Biffes not happening in Mysuru'

When *Star of Mysore* sought a clarification over Mysuru not being a part of Biffes-2018, as reported in a section of the media today, Karnataka Chalanachitra Academy Chairman S.V. Rajendra Singh Babu said that a final decision with regard to Mysuru would be taken after holding a meeting with CM Siddharamaiah and Tourism Minister Priyank Kharge. He added that if not organising Biffes in Mysuru, the Academy would try to screen good movies in city. Sources said that the organisers were not happy with the poor response to the festival in Mysuru last year and hence had decided to restrict the festival to Bengaluru.

Film City soon

Chief Minister Siddharamaiah has instructed Tourism Minister Priyank Kharge to make arrangements for the *guddali puja* of Film City in Immavu in Nanjangud before Feb. 20.

It is said that the Chief Minister, who will get into election mode, wants to lay the foundation stone for the mega project before the Election Code of Conduct comes into effect in the State ahead of 2018 Assembly Polls.

It may be recalled that the State Government has proposed to construct the Film City at Immavu, located less than 20 kms from Mysuru, off NH 212.

Vishnu Memorial

Actor Sudeep meets CM

Bengaluru, Dec. 12 (US)- Actor Sudeep appealed Chief Minister Siddharamaiah to allot land around the samadhi of actor late Vishnuvardhan in Abhiman Studio here to be developed into a memorial similar to Dr. Rajkumar's Memorial located in the Kanteerava Studio.

Vishnuvardhan Sudeep

Sudeep, who met Chief Minister Siddharamaiah at his official residence 'Cauvery' yesterday, is said to have briefed CM that though nearly eight years had elapsed since Vishnu's death there was no sign of his proposed memorial.

The actor sought an acre of land near the samadhi for the construction of the memorial either by the State Government or at least for the fans to purchase the land and develop it into a memorial of late actor Dr. Vishnuvardhan.

Bharathi differs

Actress Bharathi Vishnuvardhan taking a strong objection to Sudeep defended Chief Minister stating that Government had already released Rs. 2 crore for Vishnu memorial and money was not a factor for the delay.

She averred adding that Sudeep was probably not aware of the bottlenecks holding the construction of the memorial and contended that that actor had not discussed with her on the matter.

Chief Minister Siddharamaiah has clarified that the Government was also keen to construct Vishnu memorial having already released Rs. 2 crore.

He has assured to discuss with officials and expedite the construction process, she added

An artist's impression of the proposed Memorial for Dr. Vishnuvardhan at Mysuru.

WORD OF THE DAY

Smithereens

Meaning: Small pieces; bits.
Pronunciation: smith-uh-reenz
Example: The glass was broken into smithereens.
Origin: Smithereens is a variant of smithers with the Irish diminutive suffix -een. It entered English in the 1820s.

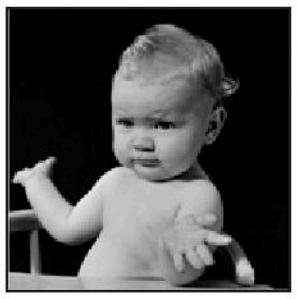
THE ODD WORD

Uredo

Burning feeling in the skin.

PHRASE OF THE DAY

Have no truck with



Meaning: To reject or to have nothing to do with.
Origin: To 'have truck with' was initially to barter or do business' with. In the 17th century and onward, the meaning of 'truck' was extended to include 'association'/'communication' and 'to have truck with' then came to mean 'commune with'.
'Truck' is now usually only heard in the negative and this usage began in the 19th century. To 'have no truck with' came to be a general term for 'have nothing to do with'. An example of that is cited in the Journal of the Royal Asiatic Society, 1834:
Theoretically an officer should have no truck with thieves.
'Trucking' was also country slang for 'courting'/'dallying with'. To 'have no more truck' meant that a courtship had ceased. An example of that usage in print is found in Notes and Queries, 1866:
[In Suffolk] A man who has left off courting a girl, says that he has 'no more truck along o'har'.

QUOTE BOX

Forgiveness is a virtue of the brave. — **Indira Gandhi**

RIDDLE THIS

Answer the rebus below:

Answer: One thing after another.

PUBLIC NOTICE

This is to inform the public that my clients, 1. **Smt. S. Swarnalatha,** aged about 68 years, w/o Sri. H.L. Nagaraj, residing at No. 231, Sri Vinyasa, 9th Cross, 5th Main, Vijayanagar First Stage, Mysore and 2. **Smt. S. Lalithamba.** aged about 65 years w/o Late S. Rangaswamy, residing at No. 80, Shiny Layout, Vijayanagar Club Road, Vijayanagar Second Stage, First Main Road, RPC Layout, Bengaluru-560 040, had given General Power of Attorney to Sri. G.N. Ramachandra, aged about 67 years, S/o Sri G.N. Nagappa, residing at No. 1187, New No. 2/1 Upstairs, Balakrishna Rao Road, Chamarajapuram, Mysuru - 570 009, to contest and prosecute the case No. O.S. 355/2011 filed by their sister Smt. Nagarathna. S.. before Mysore Court. They came to know that a case has been filed under RFA 1340/2016 in High Court, Bangalore along with them, their brother Sri. S Ramaprasad and sister Smt. Girijamba Ganesh. Now they would like to revoke the above GPA which they had executed in the year 2011.

Hence I am hereby informing Sri. G.N. Ramachandra, not to take any further steps in the above said case RFA 1340/2016 as he has no authority to do the same on the ground of the cancellation of GPA given to him. Have sent a notice to Sri. G.N. Ramachandra, with regards to the cancellation of the GPA.

Sd/- **Smt. Rajamani,** B.A., L.L.B.
Advocate & Notary # 282, 2nd 'E' Cross, 3rd 'A' Main, 4th Block HBR Layout, Bangalore-560 043.

ಕೋಟ್ಯಾಧಿಪತಿಯಾಗಿ !

ತಿಂಗಳಿಗೆ 4500 ರೂ. ಗಳಂತೆ ನಮಗೆ ತಿಳಿದಿರುವ 8% ನಂತೆ ಹೂಡಿದರೆ 20 ವರ್ಷಗಳ ಬಳಿಕ ನಮಗೆ ದೊರೆಯುವುದು ಕೇವಲ 25ಲಕ್ಷ ಮಾತ್ರ. ಆದೇ ಹಣವನ್ನು ಆಕ್ಷೇ ಸಮಯದಲ್ಲಿ 20% ಲಾಭ ಬರುವ ಕ್ಷೇರುಗಳಲ್ಲಿ ತೊಡಗಿಸಿದರೆ ದೊರೆಯುವುದು 1 ಕೋಟಿ !! ವ್ಯತ್ಯಾಸ 75 ಲಕ್ಷ ಇದು ಕನಸೇ ಎನ್ನುವುದು ಪ್ರಶ್ನೆ.

"ಭಾರತದಲ್ಲಿರುವ ಹಲವು ಉತ್ತಮ ಷೇರುಗಳು 15 ರಿಂದ 20 % ಲಾಭಾಂಶ ವನ್ನು ಕಳೆದ 5 ರಿಂದ 12 ವರ್ಷಗಳಲ್ಲಿ ಕೊಡುತ್ತಲೇ ಬಂದಿವೆ. ಆದ್ದರಿಂದ ಇದು ಸತ್ಯ" ಎನುತ್ತಾರೆ ಅಂತರ್ರಾಷ್ಟ್ರೀಯ ಖ್ಯಾತಿಯ ಡಾ.ಭರತ್ ಚಂದ್ರ.

ಮೈಸೂರಿನಲ್ಲಿ ಕೊನೆಯ ಸೆಮಿನಾರ್:

ವಿಷಯ - ಸರಿಯಾದ ಷೇರುಗಳನ್ನು ಆರಿಸುವಿಕೆ, ಪೂರಕವಾದ ಜ್ಞಾನ, ಇಂಟರ್‌ನೆಟ್‌ನ ಬಳಕೆ, ಲಾಭಾಂಶವನು ಕಂಡುಹಿಡಿಯುವಿಕೆ, ಹಿಂದಿನ ದಿನಗಳಲ್ಲಿ ಲಾಭ ಮಾಡಿದ ಕಂಪೆನಿಗಳ ಇತಿಹಾಸ.

ಷೇರು ಮಾರುಕಟ್ಟೆಗೆ ಹೊಸಬರಾಗಿದ್ದು, ಈಗ ಹಣ ಹೂಡಿವುದರ ಬಗೆಗೆ ಚಿಂತನೆ ನಡೆಸುತ್ತಿರುವ ಮತ್ತು ಈಗಾಗಲೇ ಷೇರು ಹೂಡಿಕೆದಾರರಾಗಿದ್ದು, ಇನ್ನು ಮುಂದೆ ವೈಜ್ಞಾನಿಕವಾಗಿ ಹಣ ಹೂಡಲು ಇಚ್ಛಿಸುವವರಿಗಾಗಿ ಈ ಸೆಮಿನಾರ್.

ಸೆಮಿನಾರ್: ನಾಳೆ ಡಿಸೆಂ 13 (ಬುಧ) ಮತ್ತು ನಾಡಿದ್ದು ಡಿಸೆಂ 14 (ಗುರು) JLB ರಸ್ತೆಯ ಕೋಟರಿ ಹಾಲ್‌ನಲ್ಲಿ (MUDA ದ ಎದುರುಗಡೆ). ಸಂಜೆ 6.10 ಕ್ಕೆ ಎಲ್ಲರಿಗೂ ಸುಸ್ವಾಗತ. ಪ್ರವೇಶ ಉಚಿತ.
ಯಾವುದಾದರೊಂದು ಸೆಮಿನಾರ್‌ನಲ್ಲಿ ಭಾಗವಹಿಸಿ

SAD DEMISE

23.5.1972 — 12.12.2017
